Fenders:	Removable Steel
Toolbox:	2 or 4 Toolboxes Along Sides, Front Corner Boxes, & Two Top Open Deck Boxes
Finish:	Primer with Black Polyester TGIC Gloss Powder Topcoat

Options:

LED Bar Lights

About Us

903 Truck Beds originates with the dream to make a high-quality truck bed. We are a family-owned and operated company with many years of manufacturing and fabrication experience. Recently we set out to build a State of the Art production plant capable of producing a higher-quality finish on our product.

For some time now, we have seen and heard of the need for a high-quality truck bed. After the initial ideas came together, we designed our first truck bed in 2018. Slowly we have produced a few prototypes over the past years. Different people have been able to test these and give us feedback. After some modifications and improvements, we have started producing two models of Truck Beds.

We care about our customers and are standing behind our products. So, whether you are looking to buy a Truck Bed or already own one, 903 Truck Beds aims to exceed your expectations.

FITTING GUIDE

Ford Truck Guide

Years	Axle Type	Width	Length	Cab-To-Axle	Runners
